Is a 100% subsidiary of DONAU CHEMIE AG and was founded in 1828.

Their principal activity is trading in chemicals. In the field of base chemicals a comprehensive selection of diverse product qualities are available to customers in industry and trade. This range of specialities covers demands in the areas of surface technology, metal processing, printing, industry, refrigeration, food industry, cosmetic industry, plastics, paints and coatings industry, building chemicals and hydro technology.

Donauchem performs a representative function for several leading affiliated groups.

As partners for precise complete solutions Donauchem offers a comprehensive spectrum of business activities which, in addition to stock-keeping, blending and packing, also includes disposal as well as an application and legislative advisory service. This range of business activities is supplemented by the production of toll blends, and customised filling using fully automatic filling systems.

Apart from Austria, Donauchem is also represented in Poland, Hungary, Czech Republic, Italy, Slovakia and Romania.
